Yukon	119.4	135.7	-12.0
Northwest Territories	638.8	603.7	5.8

**Notes:**<sup>1</sup>Data for November 2014 are preliminary.

Figures may not add up to totals due to rounding.

**Note to Readers:**

Please note that the percentage changes are calculated using unrounded sales figures. Readers should also be aware that the percentage change figures for Nunavut are a reflection of the relatively small volumes of retail sales. If they were to continue to decrease over a number of reporting periods and /or remain at a lower level, that would be an indication of decreased economic activity.
